These T’s and C’s constitute the terms and conditions under which the Services are offered to you.

We reserve the right to amend these T’s and C’s at any time in our sole discretion and by way of updating the same on our website located at [www.ifa.co.za](http://www.ifa.co.za).

You expressly acknowledge that it remains your sole duty to keep abreast with the latest version of these T’s and C’s which can at all times be found at [www.ifa.co.za](http://www.ifa.co.za).

### **Getting started: SIM Card Activation and Registration**

SIM Cards must be purchased and fully paid for before being eligible for activation.

SIM Cards may only be purchased via the IFA mobile application (“the App”), alternatively via a duly authorised Clientèle Mobile SIM Card distribution agent (“an Agent”).

All SIM Cards must be collected by you in person from a relevant Agent (i.e. no SIM Card may be collected or registered by another person on your behalf).

Orders for SIM Cards will expire if not collected by you (i) within three months from having been pre-paid for via the App, alternatively (ii) within one month from having been ordered via the App but not yet paid for. No refunds for SIM Card orders will become due to you in instances where a SIM Card order has expired due to your non-collection thereof within the stipulated time period(s).

Before activating your SIM Card, an Agent will first need to physically verify your identity and proof of address by way of you having provided him/her with such documentation as listed for this purpose (i.e. RICA’ing) on the App.

Once your SIM Card has been RICA'd you may insert it into your mobile device and follow the Network prompts to receive your mobile number and get connected to our Service. Please note that SIM Cards can take up to 24 hours to activate after having been successfully RICA'd.

You may not cede, sell or transfer your SIM Card to any third party.

We will replace any faulty or defective SIM Card within 6 months from the issuing thereof in the event that we, in our sole discretion, conclude that the said defect is as a result of a manufacturer fault or defect. Any active data/airtime on such defective SIM Card will be transferred to the replacement SIM Card.

### **Our Services**

We cannot guarantee that our Services will at all times be free from interruptions or delays and do not accept responsibility for any such occurrences.

All data and airtime prices shall be listed on the App and we reserve the right to update or amend such prices, in our sole discretion, from time to time.

We are under no obligation to provide you with any statement and/or accounts for the usage of our Services in any manner or form.

### **Service Suspension and Termination**

We reserve the right to, without prior notice, suspend or disconnect your SIM Card at any time in the event that:

- you have not recharged your SIM Card with airtime and/or data for a continuous period of more than 45days;
- we are so directed by any relevant regulatory authority;
- you utilise the SIM Card and/or our Services in any manner which is contrary to these T's and C's or any relevant law; or
- our agreement with the applicable third party Network operator is cancelled or terminated for any reason whatsoever.

In the event of your SIM Card being suspended or deactivated as stated above you will automatically forfeit all unused airtime or data.

You may request a SIM Card swop if your original SIM Card gets lost, stolen or damaged by way of contacting our customer service centre on 087 825 1155 or 135 from your Clientèle Mobile number. In this regard you may be required to provide us with the details of your original SIM Card and we reserve the right to charge you an additional fee (as we may determine from time to time) to perform a SIM Card swop.

Airtime or data balance enquires can be done via the App or via USSD \*140#.

Subject to due disclosure to you prior to concluding any relevant transaction, we reserve the right to levy an administration charge for each airtime- or data purchase transaction concluded by you via the App.

Data bundles are only valid for 30 days from the time of purchase. Upon expiration of the 30 day period, all unused data will be forfeited and there shall be no rollover of unused data to subsequent time periods.

Out-of-bundle data rates will be charged upon the expiry or depletion of relevant data bundles and at such rates as we may determine from time to time.
